Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.How would you feel today if you laid your hands on the keys that open the door to a plan that works with your genetics and helps you stay lean, energetic and strong? This plan consists of real foods and does not include anything that is processed. Seems like another fad diet, doesn't it? Well, the truth is that I do not want to discuss a particular diet. I want to talk about an entire lifestyle or maybe a solution to your present health and/ or weight problems. Before introducing you to this miracle lifestyle, let me ask you a few questions: Do you think that your high tech, genetically modified world is causing more harm than benefits? Do you suffer from one or several medical conditions - eczema, allergies, hurting joints, stroke, cancer.? Do you believe that humans were created to consume real foods that are derived from animals and plants? Do you believe that humans were not created to consume chemicals? Are you confused about the numerous diet theories that appear on the internet everyday? Do you hate or are at least worried about fad diets? Do you want to lose weight and replace it with lean muscle? Do you want to have clearer skin and hair? Do you desire for an elevated stamina, energy and libido? Do you want to improve your sleep pattern and clear away all mental confusion? Do you want a stronger immune system? If you answered the above questions in an affirmative, then Paleo is for you! Don't believe me, read on to find out why.
