Paperback. 274 pages. Dimensions: 9.0in. x 6.0in. x

0.6in. Common Faith is a philosophical exploration of the political and social implications of introducing a programme of spiritual education into schools in a modern pluralist democracy. It offers a detailed critique of a range of political perspectives including liberalism, pluralism, communitarianism, secularism and conservatism. It is often argued that both governments and schools should take an active interest in the spiritual and moral development of young people. This book is an attempt to show that philosophical analysis has an important part to play in the process of educational policy making in this area. It is an exploration of educational and political ideals, designed to throw light upon the logical relations between them. There are two distinct but overlapping aspects of the discussion of spiritual development as an educational aim. First, there are questions connected with the meaning of spirituality itself and the appropriateness of using such terminology in the educational context. The book argues for a procedural characterisation of common spirituality, applicable to all, and suggests that a clear distinction should be made between this and the idea...

### Reviews

*Without doubt, this is the very best job by any article writer. It typically does not cost too much. You are going to like just how the blogger write this pdf.*

-- **Jazmyn Beier II**

*This book can be worth a read through, and far better than other. It can be writter in easy phrases instead of confusing. You will not really feel monotony at at any moment of your respective time (that's what catalogs are for concerning if you check with me).*
