

Financial Accounting for BBA

By Ruchi Goyal, V.K. Goyal

PHI Learning, 2012. Softcover. Book Condition: New. First edition. This compact and student-friendly book presents the fundamental concepts of accounting. It brilliantly combines two areas of accounting?financial accounting and corporate accounting. While the initial and middle chapters give a clear analysis of financial accounting, the remaining chapters provide a succinct account of corporate accounting. The chapters on financial accounting discuss in detail the concepts of accounting and accounting standards, the process and technique of accounting, source documents and vouchers for recording of transactions. Besides, they deal with the rules of debit and credit, and journal entry and preparation of trial balance as well as errors and their rectification. Finally, these chapters cover the concept and causes of depreciation and methods of recording and providing depreciation, the adjustment required to prepare the final accounts of a trader including the accounting concepts of income and its measurements, and the meaning, objectives and methods of valuation of inventories. Chapters on corporate accounting discuss in detail the issue of shares, forfeiture and reissue of forfeited shares, and issue and redemption of debentures. In addition, they show how the final accounts of a company are prepared as per Schedule VI of the Indian Companies Act,...
