

Regulating Technological Innovation: A Multidisciplinary Approach.

Filesize: 8.09 MB

Reviews

It is straightforward in go through easier to recognize. I actually have study and that i am sure that i will going to study yet again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Jaclyn Johns DDS)

REGULATING TECHNOLOGICAL INNOVATION: A MULTIDISCIPLINARY APPROACH.

DOWNLOAD

Palgrave Macmillan, UK, 2011. Hardcover. Book Condition: New. Dust Jacket Condition: No Dust Jacket. First Edition. Available Now. Book Description: A collection of essays concerning the relationship between regulation and technological innovation. It represents an academic exchange of ideas on the realities and challenges of regulating technological innovation and examines the regulatory issues of fostering technological innovation and its applications. The authors combine this with legal, economic and administrative science perspectives. The book provides answers to important questions including the following. : What type of regulatory framework would best fit the needs of technology and innovation developments? : What competences or authorities should be given to the regulatory actors and other stakeholders to shape the future paths of technology innovation? : What lessons can we distil from other regulatory fields and how we can apply what we have learnt to further enhance the development of technology innovation? : Book Description: Examines the regulatory issues of fostering technological innovation and its applications, and combines legal, economic and administrative science perspectives : About the Author: MICHIEL A. HELDEWEG is Professor of Public Governance Law at the Department of Legal and Economic Governance Studies, University of Twente, the Netherlands. He is also an Honorary Judge for the District Court of Almelo, the Netherlands Administrative Law Bench. His research interests focus on regulation and innovation with special attention paid to hybrid regulation, legal design methodology and the field of Environmental and Energy Law.: EVISA KICA is currently studying for her PhD at the School of Management and Governance, the Department of Legal and Economic Governance Studies at the University of Twente, the Netherlands. She is also involved in the project 'study on the quality of the patent system in Europe' commissioned by Politecnico di Torino. Size: 14.4 x 2.4 x 24.6 cm. 248 pages. Multiple copies...
