To those who are alive to this fact it will hardly come as a surprise, therefore, to learn that the first sustained attempt at a detailed investigation into the history of the flag at sea was made under the patronage of the German Admiralty by a German Admiral. Vice-Admiral Siegel s Die Flagge, published in 1912, was the first book to deal with the development of the flag at sea in a scientific spirit, and although the earlier chapters contain some mistakes due to his employment of translations of early works instead of original texts, and the accounts of the British flags in the later chapters suffer er because he had no access to original records, it is a worthy piece of work. The present book is an attempt to remove the reproach to the British nation which this implies. Its plan is somewhat different from that of the work referred to above. Instead of dealing with the flags of all maritime nations of the world a task that (if it..
