Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Universities across the U.S. and Business alike should read this Journal as a standard text that greed and the lust for it should never be an acceptable behavior in a society that loves to boast that Godly principals and the ten commandments should be posted in every school and church. Ethics is an inherited behavior and not a learned behavior. You either have Godly principals or you don t. Ethics can t be bought or purchased. I believe the whole world should read this as a standard practice on how to live a Godly life.
